

Mashhood Ahmed

Mashhood Ahmed is a project management practitioner and speaker with over 18 years of experience in project management, risk management, and management consulting. Currently, he is managing multiple projects for greenfield state of the art Sidra Medical and Research Center in Doha, Qatar. Prior to this he ran a boutique consulting firm in Canada and also served as an adjunct faculty member at Grant MacEwan University in Canada.

In last 2.5 years he spoke at a number of international conferences and symposiums including PMI Singapore, PM World Toronto, PMI New Zealand, Kuwait Project Management and South Africa Project Management conference.

Mr. Ahmed received a Masters from the University of Waterloo in Business, Entrepreneurship & Technology. He holds PMP designation since 2008, and in 2015 he received PMI's Risk Management Certification and CISA designations as well.
