

Brian Wesaala

Brian is an IT professional with over 10 years working experience in various international organisations. He holds a BSc. in Computer Science from the University of Nairobi (Kenya) and a Postgraduate Diploma in Technology Management from the Open University (United Kingdom) where he focused on innovation and project management. He is a Certified Associate in Project Management (CAPM) and a trained accountant (ACCA). He holds a professional master's degree in Football Business from the Football Business Academy.

In July 2018, Brian set up the Football Foundation for Africa to help create a sustainable business model for the African football industry.
